## WHOLE CUYUNA IRON RANGE COMING JULY 4

### LOCAL ELKS ASSIST IN GETTING CROSBY BAND TO HEAD SAME

E. P. SCALLON ASKED TO HAVE  
MINERS IN COSTUME IN  
THE PARADE

ACTION OF ELKS AND GENERAL  
COMMITTEE ASSURED OVER  
1,000 RANGE ATTENDANCE

Brainerd Lodge of Elks and the 50th anniversary celebration committee, showing commendable team work Tuesday evening, have induced the whole Cuyuna iron range to come to town on the Fourth of July, thus assuring an attendance of over a thousand from Crosby, Ironton, Deerwood, Aitkin, Trommald, Mangane, Cuyuna etc.

Headed by the Cuyuna Range band composed of musicians from Crosby, Deerwood, Ironton and Aitkin, a delegation of miners attired in mine slicker coats, miners' hats, etc., headed by Hon. E. P. Scallon, will represent the coming of the iron industry to the north and south Cuyuna iron range and will have an honored place in the big Fourth of July parade.

The Cuyuna Range band was the big factor in cementing relations between Brainerd and the range country, gains their goodwill and thus assists in bringing to Brainerd another big quota of visitors.

The range band, Brainerd Municipal band and carnival band will play under a schedule prepared by A. L. Hoffman, chairman on music. The Elks concluded that assisting to secure this band as an added attraction for the Fourth would make more of a hit than a float that was first planned and in addition would be something that would be in evidence all day.

#### Cities Are Like People

Cities are a good deal like people—well, cities are people, when you come to think about it—lots of people together, with houses to live in, and stores to buy things in and churches to go to, but the resemblance in mind was the feeling when company is expected.

How we clean and polish, and make everything as attractive as possible when we hear that company is coming! Nothing is too good to offer our guests, and no pains are spared to make their visit enjoyable, even if the purse strings have to loosen up more than at ordinary times.

#### Brainerd's Big Birthday Party

Brainerd feels just the same about her birthday party and home coming week. It wants the streets made beautiful, and has sent to the cities for a professional street decorator, and it wants flags floating and banners waving and a gala air about the place when the guests begin to arrive. Over a thousand invitations have been sent out to those who have called Brainerd their home, and thousands who have never lived here, many who have never seen the town before, are coming to join with the home folks in this big celebration.

All the towns around are taking a keen interest, and almost every station along the N. P. line is displaying announcements of the anniversary and home coming. The crowds are coming, there is no possible doubt of that, and it is up to the men and women of the city to see that everything is in readiness for them.

This doesn't mean someone across the street, or a block or so away, but you, the reader of the newspaper. And if your neighbor does not take this paper, pass it along.

#### Buy a Booster Button

It's going to take time, and it's going to take money, but those on the committees are giving freely of their time, though they are all busy men and women, and on Tag days, June 30 and July 1, there will be an opportunity for all to do their share toward providing sufficient money to carry out the celebration in a fitting manner. Buy a "Booster" button, wear it proudly, and welcome Brainerd's guests with a hospitable handshake.

#### Pep Committee

A. C. Ebert, chairman of the pep

## Railroads Take Issue on Shop Work, New Plan

### ARREST ALLEGED ROBBER OF STORE

(By United Press)  
Little Falls, June 28.—Raymond Brooks, 35, arrested at Burtrum in connection with the robbery of a merchandise store at Sleepy Eye May 11, is believed by Brown and Morrison counties authorities to be implicated in a number of other robberies in southern Minnesota.

Brooks was implicated by the confession of Max Pfeiffer, arrested at New Ulm in connection with the robbery mentioned, in which \$2,000 in merchandise was taken from the George Foster and A. B. Bertrand store. Other men were implicated and deputies have gone to San Francisco to get them if possible.

### GOVERNMENT SEIZURE AND OPERATION OF COAL MINES IS ASKED

RESOLUTION IS INTRODUCED BY  
REP. BURKE, PENNSYLVANIA  
LABOR LEADER

FEDERAL GOVERNMENT TO TAKE  
ACTION IN THREATENED RAIL  
STRIKE, LEARNED TODAY

(By United Press)  
Washington, June 28.—All the leading coal operators and miners' representatives of the country today were summoned by President Harding to meet in a conference at the White House Saturday morning in the hope that a way may be found for settlement of the nation-wide coal strike, now in its 13th week.

Representatives of both the bituminous and anthracite field have been invited. The presidential invitation was promptly accepted by John L. Lewis, president of the United Mine Workers, in behalf of the strike move.

Washington, June 28.—Government seizure and operation of the coal mines for at least a year is provided in a resolution introduced in the house today by Representative Burke, of Pennsylvania, a union labor leader.

The resolution authorizes and directs the president to take over and operate the mines for a year or so long thereafter as he sees fit.

Immediate and drastic action by the federal government in the event of a strike of the 1,000,000 rail workers on July 1 is probable, it was learned from high authority.

President Harding is determined to uphold the railroad labor board in whatever action it takes against the railroad workers or the railroads. Its decisions are to be enforced with all the power at the federal government's command.

### 26 KILLED, 30 HURT IN RAILROAD WRECK OUTSIDE OF BERLIN

Berlin, June 28.—Twenty-six persons were killed and numbers of others injured, 30 seriously, in a railway accident just outside Berlin today.

committee announces that he has secured the services of some of the best talent in town to live up things and to make things peppy throughout the week's celebration. He announces that he has secured a double mixed quartet under the direction of Al. Mraz; and the Business and Professionals Women's club have promised him some of their best talent under the direction of Miss Mayme Scallon and Miss Jennie Nordberg. John M. Bye is working hard and has promised a male quartet to be available throughout the week, and we will also have with us three young men known as young Putz, Kaufman and Rodman. These young men will give you a laugh every minute and will display a lot of pep.

### NONPARTISAN ISSUE DECIDED IN NORTH DAKOTA TODAY

INDICATIONS POINT TO A VOTE OF  
OVER 240,000 AT TODAY'S  
PRIMARIES

REPUBLICAN VOTERS TO DECIDE  
BETWEEN MCCUMBER, FRA-  
ZIER AND McHARG

(By United Press)  
Fargo, N. D., June 28.—Partly cloudy and cool weather greet North Dakota voters as they started to the polls early today to decide the issue for or against nonpartisanship.

Indications are that the vote will be beyond the 224,000 mark of last November, when nonpartisan state officers were recalled.

The republican voters are asked to decide between:

Senator Porter J. McCumber, representing republicans opposed to the nonpartisan league. He has been in Washington 24 years. Former Governor Lynn J. Frazier, the most influential and popular man in the nonpartisan league today, governor of the state from the time the nonpartisans took control, five years ago, until last fall, when he was recalled. Ormsby McHarg, of Jamestown, who many believe was induced to enter the race by enemies of McCumber within the republican ranks.

One of these three will be nominated for United States senator, and it is said the republican nominees are always elected.

As to congressman, there is little question but that George M. Young, A. B. Burness and James Sinclair will be renominated in the first, second and third districts, respectively. The chances are all will be re-elected in the fall.

The republican state primaries holds many possibilities and the contest for governor is expected to be close. The candidates for the republican nominations are:

Governor R. A. Nestos, who defeated Lynn Franzler in the recall election last fall; R. F. Baker, of Glenburn, state senator, for the nonpartisan organization; H. L. Segner, of Bismarck, candidate of the "insurgent" republicans who believe in giving no quarter whatever to the nonpartisan program, according to their platform.

Other candidates for the republican nomination of important offices are:

For lieutenant governor—Frank Hyland, Devils Lake, and E. A. Bowman, of Kulm.

For secretary of state—Thomas Hall, Bismarck, incumbent for ten years; H. H. Aaker, of Grand Forks, and J. A. Kooker.

For treasurer—John Steen, Bismarck, incumbent, and Overt Olson, Bowman.

The democratic primaries holds more than ordinary interest because of the number of votes it is expected to pull with the republican primaries. Thousands of democrats who ordinarily participate in the republican primaries against the nonpartisan league, are staying in their own party to decide between J. F. T. O'Connor, of Grand Forks, and Frank O. Hellstrom, of Bismarck, candidates for the democratic nomination for United States senator.

L. F. Platon, of Fargo, and Charles Simons, of New England, are contesting for the democratic nomination for governor.

### ALLEGED BOOTLEGGER ATTEMPTS SUICIDE

(By United Press)  
Aberdeen, S. D., June 28.—Arrested on a charge of selling intoxicating liquor, Chris Schutte, 45, a farmer living near Columbia, shot and seriously wounded himself. He asked officials to let him go inside a building to change his clothing. He then shot himself, perhaps fatally.

### GASOLINE PRICES UP 1 CENT IN 8 STATES

Minneapolis, June 28.—Oil companies in Minneapolis today announced an increase of 1 cent in gasoline prices, reported as general through eight states of the middle west. The Standard Oil Company of Indiana announced an increase to 24.5 cents a gallon, and the Pure Oil company to 26.7 and 29.7, with other companies following suit. In all cases, the increase is 1 cent.

### MRS. WINTER NAMED FOR RE-ELECTION

MRS. H. S. GODFREY, MINNEAPOLIS, MAY BE WOMEN'S CLUBS CORRESPONDING SECY

Chautauqua, N. Y., June 28.—Mrs. Thomas G. Winter of Minneapolis was nominated for re-election as president of the general federation of Women's clubs at the biennial convention in session here. The election will take place Thursday.

Two resolutions concerning motion pictures were considered by the resolutions committee. One resolution indorses the "better film organizations," the other recommends co-operation with all organizations interested in improving motion pictures.

Under the rules discussion of the resolution went over until tomorrow, when Will H. Hays, president of the Motion Picture Producers and Distributors, is expected to speak before the convention.

### VICTORY FOR UNION MEN MAY DELAY THREATENED STRIKE

POSTPONEMENT OF STRIKE BE-  
YOND JULY 1 WILL ALLOW  
NEGOTIATIONS

ALSO ALLOW CHANCE TO SEE IF  
ORDER AGAINST CONTRACT  
WORK IS OBEYED

(By United Press)  
Chicago, June 28.—Victory for union workers before the United States railroad labor board in cases involving the work, may delay the threatened strike of shop and maintenance of way employees.

Union heads meeting here today considered postponement of the strike as a result of the board's attitude in condemning contract labor as practiced by the railroads.

"The heaviest vote for striking was on the question of contract labor," one union official declared today.

"Probably two-thirds of the men who voted to strike did so because of the subterfuge used by the railroads to lower wages."

Postponement of the strike beyond July 1 would allow opportunity for the unions to negotiate for concessions on the other two points on which the strike vote was taken—wages and working rules.

It will also allow opportunity to observe whether the board's order against contract work will be obeyed by the railroads.

With the strike vote only about one-third in, 90 per cent favor a strike, union leaders said.

The policy committee will probably make known its decision Thursday.

### FREE STATE FORCES IN HEART OF DUBLIN

(By United Press)  
Dublin, June 28.—Free State forces today took in the insurrection in the heart of Dublin. Michael Collins, head of the provisional government, ordered his troops to arrest Commandant Michael Henderson, one of the leaders of the band of rebels which recently seized and held the four courts building and hotel. The arrest was effected.

### 137,000 ARMY PLAN APPROVED BY SENATE

Washington, June 28.—Congressional action on the annual army appropriation bill for the coming year of 125,000 enlisted men and 12,000 officers was completed today through final adoption by the senate of the conference report on the measure.

### SENATE ADOPTS HOUSE MUSCLE SHOALS PLAN

Washington, June 28.—The senate today concurred in the house amendment to the army bill authorizing an appropriation of \$7,500,000 for new work on the Wilson dam at Muscle Shoals, Ala., effective next Oct. 1.

### RUM SMUGGLERS ARE REPORTED SIGNALLING

(By United Press)  
Los Angeles, June 28.—Belief that no ship was afire off Ventura as reported early today, but that rum smugglers were signalling to confederates ashore, giving rise to radio reports of disaster at sea, was expressed in a formal radiogram to port authorities today by Captain Baughman of the steamer Humboldt.

The Humboldt said they sighted the rockets, presumably distress signals and approached to give aid. "Upon our arrival they extinguished the lights and ran off," the captain said. "They were probably rum smugglers signalling ashore to have the cargo taken off."

### RIDDLED VETERAN DIES AFTER 50 OPERATIONS

Catawissa, Pa., June 28.—Herbert McCarty, aged 28, a veteran of the 79th Division, lost a four year fight for life after undergoing nearly 50 operations to overcome wounds he had suffered a few days before the armistice, when his body was riddled with bullets with a machine gun of a German airplane. McCarty had been in hospitals almost continuously since he was wounded.

Twenty-four of his operations were major ones. Eighteen machine gun bullets had been taken from his body and he carried two, grown into his jugular vein, to his death. In the operations, 14 ribs had been entirely removed, a portion of one shoulder blade and a collar bone taken out.

McCarty had been cited for extreme bravery.

### ALL DUBLIN IS TORN WITH STRIFE

(By United Press)  
Dublin, June 28.—Irish republican insurgents were driven from the Four Courts this afternoon by Free State troops who stormed the rebel stronghold, under cover of heavy artillery fire.

The insurgents, under Rory O'Connor, were reported to cling desperately to their possession in the rear of the law courts building.

High explosive shells from Free State artillery sent walls and roofs of the massive buildings tumbling about the heads of the defenders. The gates of the Four Courts was blown off. Huge sections of the structures crashed beneath the heavy shell fire. The copper dome fell in.

Late this afternoon two 18 pounders were battering away at the rebel defenders in the great courts building. The insurgent defense was stubborn.

Rebel troops forced from a stronghold in Fowler hall when the building was burned, captured two hotels in lower Gardiner street. They hastily barricaded the doors and windows, claiming another zone in the heart of the city.

While this attack was in progress, starting with the thunder of cannonades at dawn, insurgent bands seized the hotel building, clubs and private houses in Rutland Square, under a civil war, spread to this and other centers.

Soon all Dublin was involved in the battle.

### Concern Felt in England

London, June 28.—The greatest concern was felt in England today over the civil war in Ireland.

All telephone and telegraph wires were down between Dublin and London. This gave rise to wild rumors as to the extent of the fight. One report said that the wires were disconnected following the setting up of a rigid censorship.

### RUSSIAN SPOKES- MAN ON FIANCES

(By United Press)  
The Hague, June 28.—"Russia will recognize an attempt to pay her pre-war debts provided the amounts claimed and terms are fixed reasonably," M. Sopoknikoff, of the Soviet delegation, declared today in an interview with the United Press.

"Frankly," the Russian spokesman continued, "the Soviet government is unable to repay loans made during the war. If the allies insist upon this, then we must revise our counter-claims."

### ROCK ISLAND TRAIN NO. 7 IS DITCHED

(By United Press)  
Lincoln, June 28.—A Rock Island passenger train No. 7 was ditched three miles east of Elvo early today, killing W. N. McLennan, engineer. Henry Dart, fireman, was scalded, and the mail clerk, Roy Omer, was slightly injured. All the passengers were saved, Rock Island officials here reported.

### MOVE TO CHECKMATE PROPOSED STRIKE OF WORKERS ON JULY 1

THREAT IS MADE TO PLACE  
THEIR SHOP WORK WITH  
CONTRACTORS

THIS IS OPPOSED BY THE UNITED  
STATE RAILROAD LABOR  
BOARD

(By United Press)  
Chicago, June 28.—Railroads moved today to place all shop work under the contract system to meet the strike of more than 1,000,000 workers, set for July 1.

A strike, railroads believe, will give them their opportunity, long sought, to place their shop work with contractors.

This is opposed by the United States railroad labor board, but the executives claim that the men by striking will violate the board's ruling first, and to meet the situation, they will be entitled to extend the contract system. Rail union leaders today waited for a reply to the strike ultimatum sent by the shop crafts to the association of railroad executives.

It was learned on good authority that union leaders would meet half way any concessions granted by the railroad executives.

The general impression, however, was that the railroads would refuse to comply with any of the demands made. Although the shop crafts ultimately declared that unless their triple demands of the unions were met, a "withdrawal from service on July 1 would be unavoidable."

Indications were that any "way out" to postpone the strike would be welcome.

### RUSSIA WINS IN OPENING CLASH

(By United Press)  
The Hague, June 28.—Russia today won the opening clash of The Hague conference. Over the heads of the French protest, the Soviet delegation carried its point that credit for Russia must be the first thing discussed at the parley. The sub-commission on credit was to meet with the Bolshevik delegation this afternoon.

The French felt great resentment at the first preliminary meeting today at what they termed Russia's dictatorial attitude. They declared they would not discuss credits until Lickenoff, head of the Russian delegation, signified his readiness to agree to allied demands regarding debts and private property.

### JEALOUSY CAUSED TRIANGLE GIRL FIGHT

(By United Press)  
Moultrie, Ga., June 28.—Jealousy was today believed by police to be the cause of a fight which resulted fatally for Miss Molly Walters, beautiful Moultrie girl, and the wounding of her sister Florence by Miss Sarah Creech.

Miss Creech was lodged in jail charged with murder, following a fight between the three, late yesterday. Florence was slightly wounded. Miss Creech pleaded self defense.

### INCENDIARY FIRES SWEEP MEXICALI

(By United Press)  
Calexico, Cal., June 28.—Incendiary fires swept Mexicali for a second time within the last week last night, and destroyed property valued at \$500,000. Snipers, believed to be Mexican rebels, covered the blazing area with rifle fire.

The famous Owl Cafe, one of the best known resorts on the border, and the Stockade resort, occupied by 92 women, were destroyed.

## THE WEATHER

For cast for next 24 hours:  
Minnesota—Partly cloudy to night and Thursday. Somewhat warmer in northeast portions tonight.

Cooperative observers record:  
June 27—Maximum 69, minimum 51. Reading in evening 64. Southeast wind. Partly cloudy. Barometer 28.6. Hygrometer dry 64, wet 59.  
June 28—Minimum during night 54. At noon 66. Rain. North wind, cloudy. Barometer 28.7. Hygrometer dry 66, wet 64.

## LOCAL NEWS NOTES

The board of equalization is in session at the city hall.

Miss Helen Sims of Pequot was in the city yesterday having dental work done.

"It's Guaranteed for Life." The New Maytag Electric Washer.

Miss Evelyn E. Fearseth has just enjoyed a delightful cruise of the Great Lakes on the palatial steamer, "Octorara."

## SPECIALS FOR THURSDAY

Big Dance Saturday, July 1st, Johnson Bros. Hall, Fort Ripley. Wicked Five Orchestra.

It was suggested last evening by responsible citizens that it might be well to have the street lights left on until daylight during home coming week. This would aid visitors who may be out late in the evening in finding their homes and it would enable the officers who are looking out for disorders to the more expeditious discharge of their duties.

Barn dance Friday night, June 30, at L. Bourassa, South 13th street.

For plates that both look well and fit well, see the Dr. Burril, dentists.

Ex-service men are requested to get together souvenirs, such as helmets, boots, or anything else that was picked up in no man's land and leave these at the Dispatch office for use by the ex-service men on their float which will be in the parade on the Fourth of July. Men bringing in souvenirs are asked to be sure that their names are well secured to the various things brought in.

Room and Board at \$28.00 a Month. August Nisula, 1202 Laurel St. S. E.

Mrs. Otto Morken was very pleasantly surprised at her home at 513 Oak street, Northeast, on Tuesday afternoon, by a number of ladies from the Norwegian-Danish Lutheran Ladies Aid of which she is a member. The afternoon was spent in conversation after which lunch was served by the self invited guests. Mrs. Morken was presented with a beautiful

token of remembrance from her friends.

For special House and Lot Bargains see Nettleton this week.

The funeral services of Theodore R. Petersen who died at the home of his mother Henrietta Petersen in Brainerd on Sunday, June 25th, was held from the D. E. Whitney undertaking chapel at 1 o'clock Tuesday afternoon, June 27. Rev. E. A. Cooke of the Methodist Episcopal church officiated. He is survived by his mother, and brothers and sisters whose names are, Mrs. Dora Haines of Paddock, Nebraska, Fred of Nisswa and Lillian and Ella of Brainerd. The other brothers who are all of Brainerd are Earl, Ed and Paul.

VELVET ICE CREAM—The Best. Pure Cream chief ingredient. Telephone 450. Brainerd Creamery Co.

Philathea Bible Class  
The Philathea Bible class of the M. E. church will have a business meeting Friday evening, June 30th, at the home of Mrs. A. H. Hilliard, 711 Norwood street, and will be entertained by Mrs. Hilliard and Mrs. Wilcox. All members are urged to be present. There will be election of officers. Visitors are welcome.

## 4th of July Birthday

To be born in one of the years when the United States engaged in the World War and on the Fourth of July of that year, is the distinction which fell to Master Kenneth Mahle, little son of Mr. and Mrs. F. H. Mahle, 922 South Seventh street and grandson of Mr. and Mrs. Dan Chord of Northeast Brainerd. This young man who will be four years old on the Fourth of July has his birthday celebration on the day when citizens celebrate the Birthday of the republic. And on the Fourth this year while his friends celebrate, Brainerd's citizens will be celebrating the birthday of their city. Mr. and Mrs. Chord are very proud of this boy who was born on the day when the nation rejoices.

Good Will Sales  
The Good Will sales room in the public library basement will be closed from July 1 to September 1.

Zion Lutheran Ladies Aid  
The Ladies Aid of Zion Evangelical Lutheran church, corner Main and Broadway, will meet Thursday afternoon. This being the quarterly business meeting, the ladies are requested to come at two o'clock sharp, as announced by Mrs. P. E. Rathert, president.

## SERVE HIM HOT PANCAKES

made from our pan cake flour and he will enjoy them more than any other dish you could make for him. This flour makes light, tasteful, nourishing cakes which are simply delicious with our brands of maple syrup or cane syrup.

LYONAIS & BAKER

AUSTRIAN GOVERNMENT  
OVERTHROWN, REPORT

(By United Press)  
Berlin, June 28.—The Austrian government has been overthrown in a revolution, according to unconfirmed reports reaching Berlin today.

The Schrober government in Austria was thrown out of office on January 26 of this year and replaced by a "christian socialist" cabinet with a priest at its head.

This may refer to a further peaceful change of government in Austria, or it may mean that the anticipated Pan-German revolt has started in Vienna.

SPECIAL WITH STRIKING  
MINERS IS WRECKED

(By United Press.)  
Thomas, W. Va., June 28.—A special striking miners, 31 women and children Western Maryland train, carrying 105 dren and 15 mine guards, was wrecked near Hendricks, W. Va., according to reports reaching here from Cumberland, Md.

The train rolled down an embankment, turning over several times, the reports said.

## BOUMA, DIRECTOR COMMERCIAL BODIES

Local Secretary of Chamber of Commerce on Directorate of Civic Bodies Northern Minnesota

### OTHER OFFICERS NAMED LATER

Secretary Bouma Also Attended Meeting of Northern Minnesota Development Association

The meeting of the representatives of the civic bodies of Northern Minnesota at Hibbing, attended by O. J. Bouma, secretary of the Brainerd Chamber of Commerce, was called to order by S. V. Saxby, secretary of the Commercial club of Hibbing.

The committee on by-laws made their report and recommended that one of three names be chosen for this new organization. The delegates refused to accept the suggestions of the committee as to name and decided upon "The Civic and Commerce Associations of Northern Minnesota" as the best name for the organization.

The by-laws provided for a directorate of six, who shall elect all of the officers excepting the president. Otto I. Bergh of Grand Rapids, was selected as president. The selection of the other officers was left to the directors who will meet at Duluth the 14th and 15th of July, in connection with the annual meeting of the Commercial Secretaries' Association.

The directors elected were Geo. Lohman of Biwabik; O. J. Bouma of Brainerd; F. D. Vibert, of Carlton; David Hulbert of International Falls; J. F. Naughtin of Keweenaw and S. V. Saxby of Hibbing.

After the adjournment of this meeting the delegates were guests of the city of Hibbing and were taken by automobile to visit the scenes of interest, such as the Mahoning mine, the largest open pit mine in the world, and the old town of Hibbing, which is being replaced by the new and modern city, South Hibbing.

The superintendent of schools, C. C. Alexander, showed the delegates the wonderful new school, which will cost, when complete and equipped, \$3,700,000.00. Some remarkable features of the educational system of this school district are the manner of transporting the pupils from a distance of fifteen miles and the rapid increase in the school population, making it necessary to house 1950 school children in halls and other public buildings during the last term. This magnificent school building, which is 416 feet long will house 3,000 pupils. The district has 250 teachers. This main school building provides education from the first grade through high school and two years of college work.

2600 pupils are carried to and from school by the auto busses furnished by the school board every day of the school year, covering a territory with a radius of 15 miles.

### At Northern Minnesota Development Association

On Friday morning Mr. Bouma attended the meeting of the Northern Minnesota Development Association which was called to order by President John Naughtin, who introduced Prof. C. H. Eckles of the University of Minnesota. He spoke on "The Dairy Cow as a Factor in Agricultural Development."

He called attention to the fact that where dairying was general, there had been no depression, either among the farmers, or the business men of the nearby towns.

After Mr. Eckles' address, the president introduced Prof. W. L. Boyd of the State University. He gave a most interesting address on the prevention of diseases in live stock. Prof. Boyd called attention to the necessity of sanitary quarters and described the several diseases caused directly by unsanitary conditions.

Pasturing sheep on the same land continuously, will always produce certain disease, because of the parasites which live in the ground and which attack the animal, causing great loss to the sheep raiser. Prof. Boyd said that on numerous occasions they had been called to investigate a sort of paralysis affecting swine and in every case they found that by changing the quarters and giving them good dry places to run and a good dry, warm house, the diseases disappeared.

The chicken as a carrier of the germ of tuberculosis was a new idea to most of the audience.

Dean W. C. Coffey of the University Farm, St. Paul, gave a splendid address on the general subject of agriculture, calling attention to the fact that the dairy products of the state brought \$162,000,000 in 1920, an income greater than of all the mines of the state and he predicted that the tourist business would in a very short time exceed this large income from the dairy cow.

Resolutions were adopted, favor-

## SHARK VICTIM AND CHUM WHO KEPT BODY AFLOAT UNTIL AID CAME

A giant Barracuda, known to Florida fishermen as "the tiger of the sea," on June 17th attacked and killed Dorothy McClatchie (at left), 18 year old champion swimmer. The tragedy occurred while Miss McClatchie was swimming in the ship channel of Tampa Bay, with her chum, Miss Mary Buhner (at right). After the Barracuda had bitten her and dragged her under, Miss McClatchie came to the surface and, as her chum seized her by the shoulder said: "Kiss me, Mary, I'm dying." For half an hour Miss Buhner supported the body of her dead friend until aid came.

ing the discontinuance of all naval building and war munitions manufacturing, except that required by the nations for police duties and commanding the program of the state highway commission and declaring that, as a small share of right and justice the coming legislature should enact a law re-apportioning representation in the legislature on the basis of the 1920 census, and urging that all mineral reservations be placed on the tax rolls, and re-affirming their determination to co-operate towards securing the success of the Great Lakes-St. Lawrence Water Way.

The delegates ended their convention and voted to meet this winter at Grand Rapids.

### WARM WELCOME

Greeted Business and Professional Womens' Clubs at Convention Held in Duluth

Duluth's slogan: "It's cool in Duluth" refers only to the climate, for never was there a warmer welcome extended than that of Duluth to the visiting delegates of the Business and Professional Women's clubs at the third annual convention of Business Women's clubs, held there June 16 and 17. Plans had been made weeks ahead for the entertainment of the delegates, and nothing was left undone that would add to their pleasure.

They were welcomed to Duluth at Convention Hall by Mayor Samuel Snively, who in welcoming them into the field of business and politics said in part: "Women will introduce into business and politics two things which are needed most: service and honor. They will act as a lever in bringing about an adjustment of business conditions and to this end we welcome you."

Mrs. I. E. Roller, first vice president of the federation, whose home is in St. Paul, gave a happy address, in which she interpreted the creation of women in an original manner. She said: "There never should have been any doubt about the position that woman was destined to occupy in life, for was it not written away back in the beginning that God found it not good for man to be alone and so He made for him a help mate. All else He created out of dust, but for woman He used refined clay—the rib of man. It must have been a surprise for the man, for we are told He caused the man to fall into a deep sleep. When he awoke, behold! the woman. And woman has been surprising man ever since."

Mrs. Peter Olesen in her address on "Women in Modern Life" declared that the greatest undertaking we have, is the business of making a life.

The idea of service was stressed many times during the sessions, Miss Ida Anderson, member of the national federation, saying that "Service to the community and to the younger business girl is the keynote of the national federation."

Reports from clubs by presidents was an interesting part of the convention, Mrs. Ruth Roth reporting for the Brainerd club. Papers on club activities were read by Miss Katherine King, of Austin; Miss Lottie Fellows, of Albert Lea; and Miss Mary Walsh, of Brainerd. Miss Walsh's paper was well received, the

humorous touches drawing much laughter.

The morning session Friday was followed by a luncheon in the corridors of the hall, the afternoon session being followed by a banquet and reception at Masonic Temple. Welcomes were read from the Kiwanis club, the Tidewater association, the Lions club and the Rotary club. The welcome from the Rotary club is here given: "Whenever there is a great need of anything there is an unusual opportunity for success. Rotary recognizes the great need of women in business. The Rotary club of Duluth, therefore, is quite proud to welcome the Minnesota Federation of Business & Professional Women's clubs to Duluth."

Albert Lea was out to get the convention in 1923 and every little while its delegates would get together and stir up enthusiasm by clever yells and songs. It is expected that the directors will decide on Albert Lea, and the following song may be the reason:

"We want you all to come and see  
Our Albert Lea in '23  
We'll make you welcome as can be  
At Albert Lea in '23."

"Our town is clean, it's streets are wide  
The lakes and parks good times provide.

Good will extends on every side  
In Albert Lea in '23.  
Girl Scouts were in attendance and acted as guides and aids during the convention. Memories of Duluth's hospitalities will remain with the visitors for many a long day and Duluth club members are urged to notify members when visiting through the state, that some small return may be made for the many courtesies received.

## HOME OIL CO. HAS OPENING

Filling and Service Station, Corner Broadway and Maple, is a Model of Beauty

J. M. MRAZ, LOCAL MANAGER

New Building is 22 by 14 Feet in Size, Ladies Waiting Room is 8 by 9 Feet

R. B. Wigley, auditor of the Home Oil company of Minneapolis, is in the city attending to the opening arrangements of the company's local branch. The branch station located on the Northwest corner of Broadway and Maple streets is one of 84 branches of the company's extensive business. In this part of the state the company has branches at Staples, Backus, Perham and other points.

The company will run a filling and service station in Brainerd, handling Deep Rock gasoline and lubricating oils, also greases. Free air will soon be installed and a wash rack will be in operation soon. The building which contains a rest room for ladies and gentlemen is an attractive addition to the part of the city in which it stands.

The Brainerd branch which was opened Wednesday, June 28th, will employ three men; the manager J. M. Mraz, Wm. Wilcox driving the oil truck, and a helper at the filling station.

The new building is 22 feet long by 14 feet wide. The office at one

end is about 12 by 12 feet. The fixtures in the office will be of the best. A ladies waiting room which is 8 by 9 feet has been provided and will be well furnished with chairs, writing table and other conveniences. A toilet room is in conjunction and is equipped with mirror and wash basin, etc.

An extensive driveway of 24 feet runs alongside of the building and is covered by an artistic canopy which is lighted all around with electric lamps. Under the canopy are two St. Louis pumps which are of the latest design and among the best obtainable.

The building will be supplied with two air towers of the latest type and a first class air compressor has been installed in the basement. The building will be heated by hot water and the boiler is already in place. A copious coal bin has been partitioned off from the main room of the basement.

The building is of Staples brick—that is brick made at Staples and bearing the trade name Staples brick. This is of grey color. The brick work extends about three feet from the ground and from there up to the ceiling is of white stucco and the roof is covered with asbestos shingles.

Care was taken not to remove the trees which grow on the lot and to retain the natural beauty of the site while adding a durable and artistic building.

## LUTHER LEAGUE IN CONFERENCE

Center City, June 28—Delegates from the various district Luther Leagues of the Minnesota Conference of the Augustana Lutheran Synod will reach Center City June 29th, when the annual convention of the Minnesota Conference Luther League will begin. Each of the 20 districts within the conference is entitled to 7 delegates, 2 ministerial and 5 lay. The churches of the conference are located in Minnesota, North Dakota, South Dakota and Wisconsin.

The convention, held in Chicago Lake Lutheran church, Rev. Oscar Sandahl, pastor, will continue from June 29th until July 2nd. A splendid program of Bible study, devotional hours and inspirational addresses has been prepared.

## SHOULD EQUALIZE DIFFERENCE IN WAGES

INVESTIGATIONS made by the United States Tariff Commission have disclosed the startling fact that wages of German skilled labor have shrunk to an average of between \$2.00 and \$2.50 per week computed on a good exchange basis. Twelve of the largest cities in Germany were selected by the Tariff Commission, and the figures were compiled from the official statistical year book of 1915 for the German Empire of the wage scales prevailing for eleven representative industries. These were tallied with the same industries and cities in December, 1921, as given in the publication of the General German Trade Union Federation of March 4, 1922.

According to the last report of the United States Department of Labor, the average weekly wage of all workers in all industries in this country today is \$24. This is 700 to 1,000 per cent higher than the wages in Germany. In order, therefore, to entirely overcome the difference in wages between this country and Germany, tariff rates would have to be 700 to 1,000 per cent.

In about all the tariff debates in Congress, German goods are cited, not because there is any desire upon the part of this country to discriminate against Germany, but because, owing to the efficiency of the German industrial world and the distributive and sales agencies of German industries, the competition which Germany offers is very keen. A protective tariff, however, would operate quite as effectively as against other nations whose wage scale is far below that of the United States.

But Germany is not the only country which has a tremendous handicap over the United States in wage costs. This is demonstrated by the following comparison of daily wages paid in the United States with the average daily wage paid in nations competing industrially with the United States. By striking an average for the daily wage paid in six leading typical industries, the results show the average wage paid in these industries to be as follows in the respective countries: Germany 71 cents, Italy 79 cents, Japan \$1.43, France \$1.46, England \$3.08, and the United States \$7.17.

Everyone should realize at once from these figures the necessity of protecting the American working man from the competition of the poorly paid labor in these other countries. There is but one practical way to do this, and that is by the enactment of a tariff that will effectively equalize the difference in wages between this country and other countries.

## PAT HARRISON AND "HONEST" ELECTIONS

SENATOR PAT HARRISON of Mississippi has broke loose again. His virtuous soul is all worked up over campaign expenditures in states where people vote.

This time it is the Republican vote in Indiana and Pennsylvania that worries Pat. The Republican vote in Indiana was 696,370, or more than ten times the Cox vote in Mississippi. In Pennsylvania the Republican vote was 1,218,215, or more than 17 times the Cox vote in Mississippi. Debs got about 1,000 more votes in Pennsylvania than Cox did in Mississippi. The vote for Cox in Mississippi was only 69,277; a woman running on the Prohibition ticket in Pennsylvania got 132,610 votes.

The theory of uniform campaign expenses, regardless of the number to be reached, is absurd. Senator Harrison was backed by all the powers of the Wilson administration when he defeated Senator Vardaman. The public paid the expense of the workers in Mississippi.

Mississippi, however, is not a voting states. A majority of the population is disfranchised outright. There would probably be a colored man in Senator Harrison's seat if they were not disfranchised. The process of discouraging voting has extended to the white population. Mississippi has ten electoral votes, but its popular vote is about half that of Rhode Island, with only five electoral votes.

It seems to us that it requires considerable gall for a Senator situated as Pat Harrison is to discuss suffrage at all. What he says about campaign expenditures is ridiculous—simply a smoke screen and nothing more.

## INSECTS IN STORED FOOD PRODUCTS

THE agricultural experiment station of the University of Minnesota has issued a bulletin entitled "Insects Infecting Stored Food Products." Dr. R. N. Chapman, the author, says the object of the bulletin is to provide information for those troubled with insects in stored products, so that they can determine for themselves what insects are causing the trouble, where they come from, and what must be done to get rid of them.

It is roughly estimated that about 5 per cent of the total value of stored food products is damaged each year by insects, or a total loss of around \$200,000,000 annually in the United States. This enormous loss represents one of our greatest economic wastes. Dr. Chapman declares, however, that it is entirely possible to reduce this loss to an almost negligible minimum.

## COMMENDABLE ACTION

THE city council and mayor took a forward step when they declared themselves in favor of prohibiting all attractions which will not conform to the laws and ordinances during Home Coming week. The council expressed itself by pledging the mayor every possible assistance. Their action was occasioned by their desire that every visitor to our city should leave with nothing but commendations for what Brainerd had to offer to her visitors. The action particularly referred to the carnival attractions and to illicit liquor vendors. This action is most commendable and merits the heartiest support of every one who wishes the Home Coming week to be a real asset for Brainerd.

BEAB in mind that the American laborer and the American farmer gain through the protective tariff, as well as the so-called big business. In fact, everybody gains, which makes it a good thing for all Americans.

A Sensation-- The Fastest Moving Picture on Record

BANDITRY, KIDNAPING  
TO BE INVESTIGATED

(By United Press)  
Washington, June 28.—The state department probably will be asked by leading senators to make a complete inquiry into the conditions surrounding the cause of outbreaks of banditry and wholesale kidnappings of Americans in Mexico.

Much mystery and suspicion exists in official and congressional quarters here regarding the latest Mexican developments. All sorts of rumors are current in the absence of complete and official information regarding the conditions in the Tampico oil fields.

Early today the state department was without official advice as to whether Bielaski and the 40 Cortez Oil company employees had been released.

The only cable received from Mexico during the night was said to have been an acknowledgment of Hughes' note directing American agents to make urgent representations to the Obregon government.

## Mexican Government Aids

Washington, June 28.—Mexican military forces are taking prompt action to free A. Bruce Bielaski and the 40 other Americans held for ransom by

bandits near Tampico, an official statement of the Mexican government issued here today by Manuel Tellez, charge of the Mexican embassy, declared.

The statement also asserts that the Mexican government "has reasons to believe that the kidnapping was the work of plotters aiming to obstruct the negotiations now under way for the settlement of the Mexican external debt."

GIRL OF TWENTY IS  
"BUMMING" HER WAY

(By United Press)  
 Fargo, June 28.—"Bumming" on a fast passenger train is easy if the trainmen are good "scouts," according to Miss Elizabeth Siebel, 20, who met with "rotten luck" here today.

Miss Siebel gave her home as Madison, Wis., and had ridden a fast passenger from Miles City, Mont., dressed in boy's clothing.

She said she was going home. Fargo police found her taking in the sights around Fargo, and she was sentenced to ten days for vagrancy. They purchased a modest girl's outfit for her.

Miss Siebel said she slept in a tool box on the tender and hid there while going through towns.

3 KILLED, 12 HURT BY  
DYNAMITE EXPLOSION

(By United Press)  
Knoxville, June 28.—Three persons were killed and about a dozen severely injured in a dynamite explosion at the Holston Quarry company, at Strawberry, 15 miles east of here, according to reports.

HUSBAND AND YOUNG  
BRIDE SHOT IN BACK

(By United Press)  
Delaware Gap, Pa., June 28.—Fred Demand and his three months bride were found today on the floor of their bedroom, murdered. Both had been shot in the back. No motive for the slaying or trace of the murderers was found.

## 4 GIRLS HURT IN AUTO ACCIDENT

Dodge Car Driven by One of Party  
Turns Over Twice in Ditch at  
Entrance of Barrows

### TURNED OUT FOR AUTOMOBILE

Injured Girls are Brought to Brain-  
erd Hospital. Some Believed  
Seriously Hurt

Driving a Dodge automobile, and  
striving to turn out for a Chandler  
car that was following them south-  
ward into Barrows, a party of four  
girls was spilled out at the sharp  
curve at the north entrance to Bar-  
rows.

The car overturned twice. The  
girls were all badly bruised. Mrs.  
Leonard Dexter of Cohasset suffered  
a fractured shoulder blade and in-  
juries to her head. Her sister, Miss  
Ada Dugan, had very bad bruises.

The two last named were brought  
to St. Joseph hospital for treatment;  
the driver of the Chandler car taking  
one of the young women to the hos-  
pital and H. A. Peterson, cashier of  
the Barrows bank, taking the other.

The accident happened shortly be-  
fore noon and the first rumors afloat  
in Brainerd were that two of the  
girls had been killed in the acci-  
dent.

## DISTRICT COURT PROCEEDINGS

In the case of the State of Minne-  
sota vs Gust Sands, the jury retired at  
10:50 o'clock this morning.

The case of E. F. Hedlicka, W. W.  
Bane, attorney, vs Fred Kemper, M.  
E. and C. A. Ryan attorneys, was  
then called for trial before the court.  
After the plaintiff had completed his  
case the defendant through his at-  
torneys moved that the action be  
dismissed and the motion was granted.

The case of Minnie Bole, Ryan and  
Ryan attorneys, vs A. Getchell, El-  
mer A. Kling attorney, was called for  
trial before the court at 2 o'clock  
this afternoon.

Tomorrow morning at 9 o'clock the  
case of Robert A. Adams vs Rogers-  
Brown Ore Co. and Village of Crosby  
will be called for trial before the  
court. In this case M. E. and C. A.  
Ryan appear for the plaintiff and C.  
L. Benedict for the defendant.

## WORLD WAR VETERANS TO MEET THURSDAY

An important meeting of the  
World's War Veterans will be held  
Thursday evening at 8 o'clock in the  
club rooms over the New Park thea-  
tre. At this meeting matters of im-  
portance will be introduced relative  
to the Fourth of July and the ex-  
service men's part in homecoming  
week. All members are urged to be  
present.

### MRS. ELIZABETH DEROCHE

Rev. Father Tertooen of St. Mathias  
Catholic Church officiated at Ser-  
vice Wednesday Morning

The funeral of Mrs. Elizabeth De-  
Rocher, pioneer resident of this city,  
who died Sunday evening, June 25,  
was held this morning from St. Francis  
Catholic church at 8:30 o'clock.  
Rev. Fr. Tertooen of St. Mathias  
Catholic church officiated at the ser-  
vice which was largely attended by  
friends of the family.

The ballbearers were Jim Murphy,  
Jerry Crowley, Will Koop, Art Hag-  
berg, John Welliver and Wm. Lyon-  
ais.

Relatives present were George  
Keough, Mrs. Otella Keough, Mayme  
Keough and Rose Keough of St. Paul,  
Mr. and Mrs. Frank Kopach and Leo  
Roble of Little Falls.

## 2 NEW CIGAR FACORIES OPEN

Herman Bakkila Manufacturing Two  
Brands at His Place of Business,  
1224 Oak Street

### ED. J. HOFFMAN ON FRONT ST.

Located in Walverman Block, Man-  
ufacturer is Brother of H. D.  
Hoffman of Telephone Co.

A new make of cigars will be on  
the market within the next week or  
ten days. Herman Bakkila who is  
entering upon the cigar manufactur-  
ing business is well known in Brainerd  
having resided here all his life.

He has had 14 years experience in  
the cigar business and is prepared to  
put a good product upon the market  
with the requirements of which he is  
fully cognizant.

The cigars will bear the names  
"LeSupremo" and "White Rose" and  
will retail for 10 cents and 7 cents  
respectively. Mr. Bakkila's factory  
is located at 1224 Oak street.

Ed J. Hoffman is manufacturing  
cigars in the Walverman building on  
Front street. The new cigar factory  
is just beyond the office of the North-  
western Telephone company in that  
building. The proprietor is a brother  
of Henry D. Hoffman, manager of the  
local branch of the Northwestern  
Telephone Co. The new business ven-  
ture was initiated about the first of  
June and in addition to Mr. Hoffman  
employs another man at the bench,  
Pete Peterson.

Mr. Hoffman reports that business  
is most encouraging. The new cigars  
are selling very well. These are a  
ten cent cigar and two for a quarter  
cigar which has the trade name of  
"William Hooper," and an eight cent  
or two for fifteen cigar named "32nd  
Degree."

Mr. Hoffman started in the cigar  
business when he was 18 years old  
and has been engaged in it for about  
25 years. For four years he was  
foreman and manager of a shop in  
Watertown, South Dakota, which  
employed 50 people. Before coming  
to Brainerd Mr. Hoffman had been  
employed for two years in a shop at  
Crookston and he states that Crook-  
ston is the center of a cigar business  
which employs 15 people.

The cigars which Mr. Hoffman sent  
to the meeting of the Chamber of  
Commerce drew very favorable and  
appreciative comments from those  
members who enjoy a good cigar.

Ford Tops are made repaired and  
recovered the RIGHT WAY HERE.

## BUS LINE SERVICE FROM MINNEAPOLIS

To be Inaugurated July 3 by the  
"Blue and White Line". Arrange-  
ments Completed Wednesday

### PRES. E. L. BRYANT IN THE CITY

Daily Schedule of Two Buses To  
Arrive at and Leave from the  
Ransford Hotel

The Jefferson Highway Transporta-  
tion company, operators of the famous  
"Blue and White Line," now running  
between Minneapolis-Aitkin and in-  
termediate points, also Minneapolis  
and St. Cloud, beginning Monday July  
3, will extend their service to Brainerd  
via Mille Lacs lake.

There will be two round trips daily  
leaving Brainerd approximately 8 A.  
M. and 3:30 P. M. and arriving in  
Minneapolis 1:15 P. M. and 9:15 P.  
M. Return buses will leave the Mill  
City at 8 A. M. and 3 P. M., arriving  
in Brainerd about 2:15 p. m. and  
8:30 p. m. The exact schedule, how-  
ever will be announced in the Mon-  
day edition of the Dispatch. The fare  
one way will be \$5.

E. L. Bryant, president of the com-  
pany, was in Brainerd today and  
completed arrangements for the bus  
service. He is also general manager  
and due to his energy and resource-  
fulness, the line has grown from one  
bus in 1919 which ran as far as Os-  
seo, to 18 buses now operating on  
regular schedules like passenger  
trains and covering a daily mileage  
in the neighborhood of 2,000 miles.

The buses will leave from and ar-  
rive at the Ransford hotel, from  
which point information regarding  
service will be given out. Arrange-  
ments are being made to connect  
with the bus lines of Crosby and  
Grand Rapids.

In Minneapolis all buses leave  
from the Union Bus depot at 29  
North Seventh street.

**People's Congregational Aid**  
The ladies of the People's Congre-  
gational church will meet Thursday  
afternoon at the church parlors, and  
will be entertained by Mrs. Hen-  
driks and Mrs. Swanson. Every-  
body welcome.

## AMUSEMENTS

## Many Thrills in "Idol of the North"

There are many thrills in "The Idol of the North," a Paramount picture starring Dorothy Dalton, which will be shown at the Lyceum theatre tonight and Thursday, for those who appreciate virile screen plays. The author, J. Clarkson Miller, spins a fabric of life in the Canadian Northwest with its rough and ready atmosphere of the days when gold seekers crowded the "trail" to Alaska.

Much of the action of the story takes place in the Aurora Borealis saloon and dance hall of "Totem City" which is modeled after Dawson City, famed in the days of the old rush. It is in the Aurora Borealis that the "lost arts"—lost to this generation—of

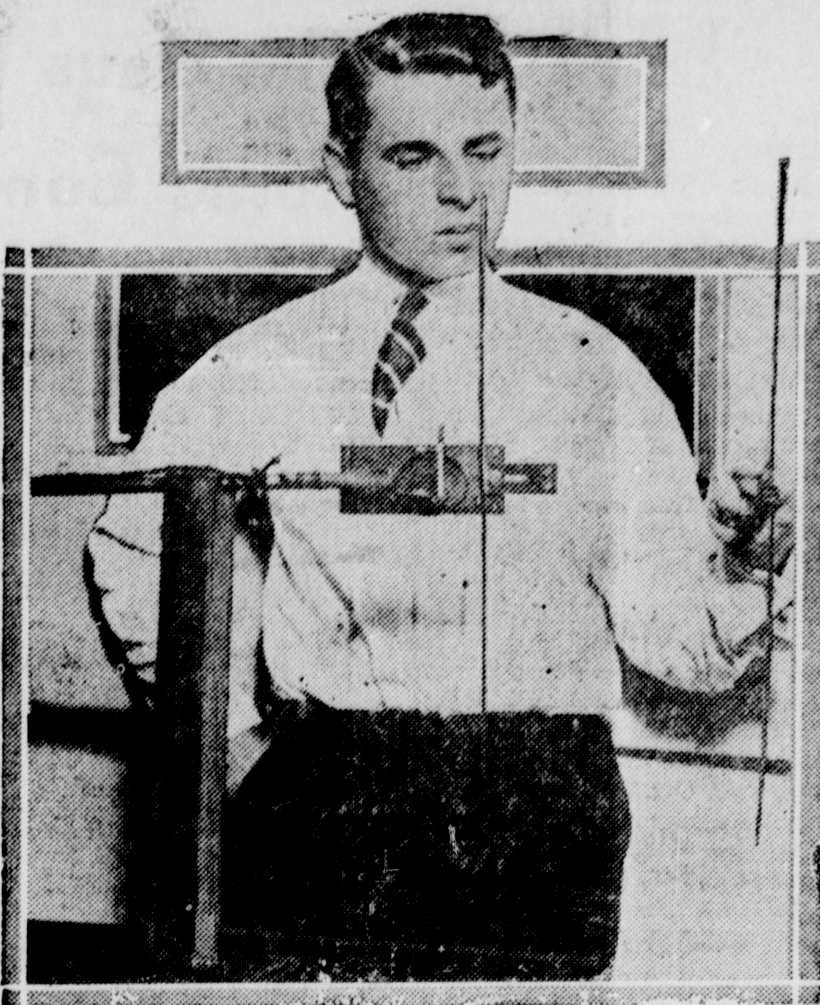

ments of the picture he is ably assisted by the genial Tom Wilson, long a standby with D. W. Griffith. Wilson is a master of comedy and has acquired the fine art of inspiring enjoyment as few men have.

In addition to the comedy incidents in which Owen Moore figures, he is the principal in a number of thrilling scenes which the makers of serial thrillers may well envy. Some of these shockers are the race between the Sea Sled Broadway III and a hydro-aeroplane. Moore is in the seaplane and the very villainous Oriental ship master is in the sea sled. The sled wins and upon reaching dry land the Chinaman makes use of an auto.

## Clothes Reflect State of Mind

That clothes reflect a state of mind is the opinion of Claire Adams, the

## MARCONI'S LATEST INVENTION GUIDES RADIO IN CHOSEN DIRECTION, CAN GUIDE SHIPS THRU FOG

Senator Guglielmo Marconi has just announced his "radio searchlight," by means of which wireless waves may be focussed in a given direction in a beam, instead of being scattered broadcast. The waves are directed by means of a reflector which throws a radio wave in somewhat the manner in which a mirror held in the hand throws a ray of light. Photo shows the receiving set—the practical model on which the rays were thrown across a space of about

## HARDING PARDONS ST. JOHN, NATIONAL I. W. W. SECRETARY

(By United Press)  
Washington, June 28.—Extension of executive clemency to Vincent St. John, nationally known as a former organizer and secretary treasurer of the I. W. W., and Clyde Hough, of Rockford, Ill., both serving sentence for violation of war time laws, was announced today at the department of justice.

The two men have been imprisoned at Leavenworth penitentiary and will be released at once under commutation of sentence. St. John was convicted in the Chicago I. W. W. prosecution and sentenced to 10 years imprisonment while Hough was sentenced to serve five years for violation of the selective service act.

## TEAM RUNS AWAY, JACKSON MAN KILLED

(By United Press)  
Lakeland, June 28.—H. A. Rue, 75, treasurer of Jackson county from 1901 to 1913, was killed when his team ran away in a hay field on his farm near here Monday. He was dragged several hundred yards.

Dry's Began Drive in 1789.  
One of the first temperance movements recorded in America was launched at Litchfield, Conn., in 1789, when several hundred farmers came together and pledged themselves not to use any distilled liquors or intoxicants in doing their farm work the ensuing season.

Can Buy Joy Rides.  
Money can't do everything, but there's a tendency in human nature to be pretty well satisfied with the things it can do.—Boston Transcript.

## LATEST VOGUE

## Beautiful Beach Cape

The charge that Fashion seeks her effects through the odd, the bizarre or grotesque, can hardly be sustained when one considers the alluring costumes with which she dots the present day beach scenes. Here, Fashion's effects are secured through the dictates of common sense and utility. And this has become possible not only since woman's emancipation from senseless restrictions in dress, but because of the rapid strides that have recently been made in the perfection of knitted outerwear. The art of knitting, which has made deep inroads into the woven field, has no better or more attractive models to show than in its beach garments, its bathing suits and capes.

Freedom in swimming, combined with a grace of form, has been made possible by the new and winning styles in bathing suits. Then there is beauty of line and color, especially color, in the new beach capes. For those intervals between dips, when one enjoys the welcome warmth of the sun while lounging on the sand, or during the passage to and from the bathing house, what could be more alluring than the colorful capes that are being worn these days by women who know? Pretty, protective and graceful, the beach cape is a notable addition to the modern beach scene.

The knitted cape shown in the above drawing is pleated and entirely red in color when pleats are closed. Open, the pleats display a gorgeous array of vari-colored Roman stripes.

## Haggling Habits.

This story is told of a tightwad who was prevailed upon one Sunday morning by his wife to go to church. Not only was he very busily reading the program of the service when the collection basket was passed, but when the minister announced that the congregation would all join in singing three stanzas of Old Hundred the man arose from his seat and from force of habit asked the minister if he wouldn't make it the Ninety and Nine. His wife hasn't urged him to go to church with her since.—Columbus Dispatch.

## JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Brainerd man says:

S. J. Greer, horseshoer, 822 7th St. S., Brainerd, says: "When I was young I had an accident that affected my kidneys. Sometimes when I caught a cold and it settled there. When I was working, the constant bending and strain on my back irritated my kidneys. When I got down to put a shoe on a horse it was about all I could do to get up again. I sure was in pain and it became hard for me to do my work properly. My kidneys didn't act right, but when I got to using Doan's Kidney Pills I was fixed up in good shape. I have had little or no kidney trouble since and my health has been fine."
